What is something you wish the parents of your students to know?

Parents often ask if there is anything we need for the classroom. I have an Amazon Wish List for our class at <http://a.co/8ON34Iu>. On that list there are books, supplies, and classroom games and tools we could use in class. I am constantly adding to this list, and it's become my "shopping list" for the classroom. :)

What is the most helpful thing that can be done for your class this year?

Read and write with your kids! :)

In class, we can use helpers in and out of the classroom - small groups, cutting lamination, coloring, take home projects.

What is something you do not need any more of?

lotion, candles, mugs

What else would you like to share or would like us to know?

I love my kindergarten monkeys and can't wait to spend this year growing into independent and responsible learners!
